

عنوان:

**آشنایی با نرم افزار مدیریت فرانس دهی مندلی
(MENDELEY)**

مدرس:

دکتر رسول عابدان زاده
(عضو هیئت علمی دانشگاه شهید چمران اهواز)

اردیبهشت ۹۶

مندلی: **Mendele** نرم‌افزاری تحت وب و دسک تاپ است که برای اداره و به اشتراک گذاری مقاله‌های علمی و یافتن داده‌های پژوهشی و همکاری آنلاین کاربرد دارد. مندلی در حقیقت یک شبکه اجتماعی علمی برای پژوهشگران است.

نرم‌افزار قابل دانلود "مندلی دسکتاپ" می‌تواند برای استخراج خودکار جزئیات سند (نویسنده، عنوان، مجله و...) از نسخه‌های دیجیتالی مقالات علمی به پایگاه داده‌ها استفاده شود.

امکان انتقال آنلاین استنادها از پایگاه‌هایی نظیر پابمد، ScienceDirect، گوگل اسکالر،... وجود دارد.

با داشتن گزینه‌ای به نام **Install Web Importer** می‌توان به استنادها و خلاصه مقاله‌ها یا حتی یک مقاله کامل، دسترسی پیدا کرد.

مندلی به طور رایگان **۱ گیگابایت** فضا در اختیار کاربران قرار می‌دهد که البته این حجم با پرداخت هزینه قابل ارتقا است.

Abstract
Oral canine malignant melanoma (CMM) is a spontaneously occurring aggressive tumour with relatively few medical treatment options, which provides a suitable model for the disease in humans. Historically, multiple immunotherapeutic strategies aimed at provoking both innate and adaptive anti-tumour immune response have been published with varying levels of activity against CMM. Recently, a plasmid DNA vaccine expressing human tyrosinase has been licensed for the adjunct treatment of oral CMM. This article reviews the immunological similarities between CMM and the human counterpart; mechanisms by which tumours evade the immune system; reasons why melanoma is an

Randomised controlled trial of conservation therapy for **breast cancer**: 6-year analysis of the Scottish trial

AP Forrest, HJ Stewart, D Everington, RJ Prescott... - The Lancet, 1996 - Elsevier

BACKGROUND: To determine whether, when primary **breast cancer** is treated by local excision supported by systemic therapy appropriate to the oestrogen receptor status (ER) of the tumour, local radiotherapy can be avoided. METHODS: We carried out a randomised ...

Human **breast cancer**: correlation of relapse and survival with amplification of the HER-2/neu [PDF] from oncogene

DJ Slamon, GM Clark, SG Wong, WJ Levin... - ..., 1987 - science.sciencemag.org

Abstract The HER-2/neu oncogene is a member of the erbB-like oncogene family, and is related to, but distinct from, the epidermal growth factor receptor. This gene has been shown to be amplified in human **breast cancer** cell lines. In the current study, alterations of the ...

Association of serum retinoic acid with hepatic steatosis and liver injury in nonalcoholic fatty liver disease¹

Yan Liu, Hongen Chen, Jingjing Wang, Wenjing Zhou, Ruifang Sun, and Min Xia*

Abstract

Background: Retinoic acid (RA), an active metabolite of vitamin A (retinol), has been implicated in the regulation of lipid metabolism and hepatic steatosis in animal models. However, the relation between RA and liver histology in patients with nonalcoholic fatty liver disease (NAFLD) and nonalcoholic steatohepatitis (NASH) is unknown.

Objective: This study aimed at examining the association of RA with NAFLD and NASH in Chinese subjects.

Design: Serum RA concentration was determined by ELISA in 41 control subjects, 45 patients with NAFLD, and 38 patients with NASH. The associations of RA with adiposity, serum glucose, lipid profiles, and markers of liver damage were studied. Moreover, both mRNA and protein levels of retinoic X receptor α (RXR α) in the liver were analyzed in subjects with different degrees of hepatic steatosis.

Journals: Journal of Mazandaran University of Medical Sci...

Year: 1395

Volume: 25

Issue: 134

Pages: 20-32

Abstract:

سابقه و هدف: آسیب ناشی از اسکمی- ریزفویژن (IR) یکی از علل اساسی نارسایی کبد طی جراحی‌ها می‌باشد. اندولین، مهم‌ترین منفی‌کننده عروقی، دو نوع گیرنده ETA و ETB دارد که افزایش تعداد گیرنده با اتساع سینوزویدها، التهاب و تحریک بافت کبد را کاهش می‌دهد. در این مطالعه اثر دگرمانژون بر آسیب گلیکوکالیکس و سان زن گیرنده ETB بافت کبد طی IR گرم کبد در رت بررسی شد. مواد و روش‌ها: رت‌های نر ویسار به چهار گروه قسمت‌های تقسیم شدند: به گروه SHAM سالن، به گروه DEX دگرمانژون (10 mg/kg)، به گروه IR طی اسکمی- ریزفویژن کبد سالن و به گروه DEX+IR دگرمانژون (10 mg/kg) و به دقیقه قبل اسکمی و بلافاصله بعد از ریزفویژن

Details Notes Contents

improving cancer therapeutics and reducing damage caused by conventional chemotherapy. Phoenix dactylifera exhibits potent anti-oxidative properties both in vitro and in vivo. This allows the fruit to prevent depletion of intrinsic protection from oxidative cell damage and assist these defense systems in reducing cell damage. Macroscopically, this mechanism may be relevant to the prevention of various adverse drug events common to chemotherapy including hepatoxicity, nephrotoxicity, gastrotoxicity, a...

The screenshot shows the Mendeley Desktop application window. The 'File' menu is open, and the 'Citation Style' option is highlighted with a red circle. A dropdown menu lists various citation styles, with 'More Styles' highlighted in a red box. The main window displays a list of documents with columns for Year, Published In, and Added. The right-hand pane shows the details of the selected documents, including authors, journal information, and abstracts.
